## Security Window Filming

**Did you know ... where necessary for reasons of Health and Safety, existing glass in the workplace, in public areas, fitted into windows and partitions must be protected against breakage?**

### Regulation 14

Since its publication as part of the Workplace (Health, Safety & Welfare) Regulations 1992 this legislation has required employers to ensure that glass within critical locations throughout their premises has been subject to a risk assessment to ensure that it meets a minimum safety impact standard.

Employers who fail to meet this legal obligation run the risk of costly litigation should an accident occur involving these glazed areas.

Regulation 14 can be complex and difficult to interpret for those not dealing with such issues on a daily basis.

Mercia Securities have many years of experience in providing accurate, unbiased guidance on this and other glass related safety legislation.

### The solution?

Window film offers a cost-effective way of ensuring your glazed areas comply with health and safety regulations and can also be used to enhance the look of your work place.

### Window Film - the Benefits

#### Solar Heat Control

give a more comfortable environment

#### Solar Glare Reduction

reduce glare whilst maintaining a view out

#### Bomb Blast & Security

offer protection for property and people in the event of Bomb Blast

#### Safety Window Films

Safety window films protect in cases of spontaneous breakage

#### UV Filtering/Fade Reduction

protects against fading

#### Air Conditioning/Solar Heat Control Films

reduce the load on air conditioning units

#### Energy Savings All Season

both winter and summer

#### Architectural Window Tinting

enhancing the beauty of glass

#### Workplace Regulation 14 Compliance

more cost effective than glass replacement

#### Window Graphics

corporate signage and identity on doors and partitions and manifestations to enhance and make glass apparent.

#### Privacy Window Film

ideal for security and modesty purposes

#### Conservatory Window Film

Dust free alternative to blinds

#### Anti Graffiti

sacrificial barrier against scratching, etching and spraying by vandals

"We are very happy with the services provided and cannot find any way of improving anything!"
